“Our life is frittered away by detail. Simplify, simplify.

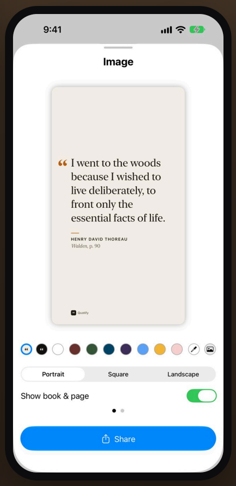
HENRY DAVID THOREAU



“I went to the woods because I wished to live deliberately, to front only the essential facts of life.

About Quotify

Quotify is your personal library for the words that move you. Save quotes from books, articles, podcasts and conversations, then see them again every day on your Home Screen and Lock Screen. Quotify 2 is the biggest update since launch: it makes saving a quote effortless and seeing it again more personal.

What's new in Quotify 2

- **Smart Photo to Quote,** free for everyone: snap a book page or e-reader screen, or choose a photo or screenshot. Quotify finds the quote and author
- **A fresh new design** built on Liquid Glass, with cleaner quote rows. Tap a quote to share it, or swipe and long-press for quick actions
- **Pick which quotes your widgets and reminders show**, like just your Favorites, a single author or any field you've added (Premium)
- **Organize quotes with your own fields**, then filter or sort your library (custom fields are Premium; Favorites is free)
- **Your own photo** behind widgets and share images (Premium)
- **Widgets look right** on tinted and clear Home Screens, and Text Size now changes the quote size
- **A new Share Quote sheet** with Story, Square and Wide images, an accent color, and straight-to-Instagram Stories sharing
- **Multiple daily reminders** at the times you choose, now with the author (Premium)
- **Spotlight, Siri and Shortcuts** support
- **Saved links** show as a website name you can tap to open
- **Ready for iPhone Duo**
- **iCloud sync status** in Settings, and replay the welcome tour anytime
